

MEDIREX

Positive Patient ID
& Process Solutions

Alert Labels

Alert Labels

The Alert Labels complement any wristband to communicate the patient's condition or indicate special care required of the patient. These labels help eliminate the need for additional wristbands to identify patient alerts, thereby reducing the cost-per-visit.

Economical

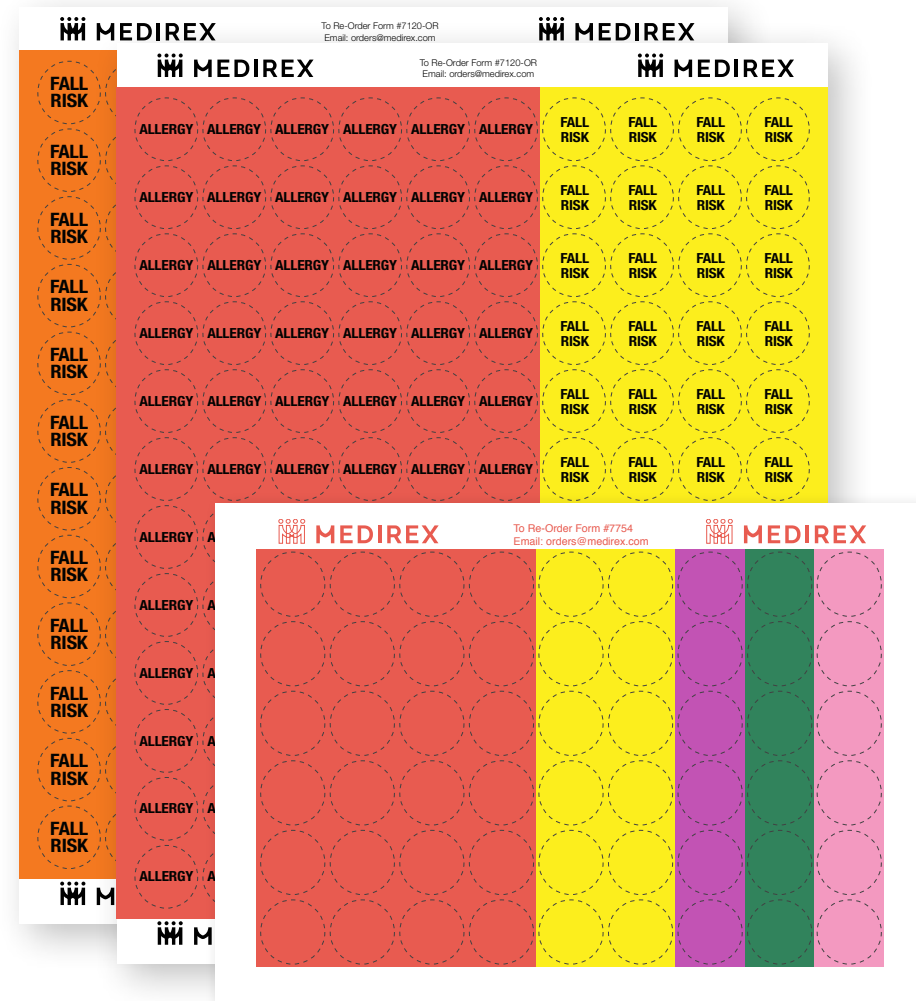

- Most cost-effective solution for communicating patient conditions by reducing additional alert banding

Patient Safety

- Ideal for use in quickly alerting staff of special care required of the patient and eliminating the need for additional banding
- Colour-coded alert labels can be applied to all wristbands and charts

Highly Versatile

- Multi-coloured option available and personalized printing of alerts onto labels available upon request

Alert Labels

The 7754 Alert Labels provide a variety of colour labels on one sheet. These labels can be used in conjunction with health charts or any wristband to alert staff of special care required of the patient. By eliminating the need for secondary alert banding, these labels help save time and cost-per-visit.

For more personalized solutions, please contact Medirex Sales (sales@medirex.com).

Alert Labels

The 7120 Alert Labels provide a single colour or multiple colour labels on one sheet with pre-printed alert information. These labels can be used in conjunction with health charts or any wristband to alert staff of special care required of the patient. Pre-printed patient alert information on each label helps increase identification of the intended alert. By eliminating the need for secondary alert banding, these labels help save time and cost-per-visit.

Item No.	Colour
7120-RY	120 Total Coloured Labels
Labels (72)	Solid Red with Allergy Alert
Labels (48)	Solid Yellow with Fall Risk Alert
7120-OR	120 Solid Orange Labels
